Gentlemen:

Reference is made to Memorandum of Understanding dated November 20, 1951, subject, "Insuring of Individuals in Pseudonym Who Are Paid by the U. S. Government for Services Rendered."

The last paragraph of the above mentioned Memorandum of Understanding was included by your Office in that you expressed concern regarding the payment of claims to beneficiaries who may be located outside the continental United States. This Agency, as indicated by the above mentioned Memorandum of Understanding, is willing to assist in paying a claim to the beneficiary of a deceased member who is located outside the continental United States. Accordingly, it is our understanding that the Association would, upon appropriate letter or certification from this Agency, pay the proceeds of the insurance to the Agency for disposition to the designated beneficiaries.

If our understanding is accurate, it is requested that, for record purposes, you acknowledge the correctness by signing the enclosed copy of this letter and returning same. This procedure would avoid the necessity of any addendum to the Memorandum of Understanding mentioned above. The undersigned will be available for discussion or assistance in the event you have any questions.

Very truly yours,

25X1A

Authorized Certifying Officer

ACKNOWLEDGED:
